# STATE CLEARINGHOUSE NEWSLETTER

The State Clearinghouse distributes draft environmental documents to state agencies for review and comment, pursuant to the California Environmental Quality Act (CEQA). The State Clearinghouse also acts as the State Single Point of Contact for the review of federal grant applications and federal development projects. This Newsletter summarizes the environmental documents and federal grant applications received by the Clearinghouse during the period **February 16-29, 2008.**

## CLEARINGHOUSE CONTACTS

Please contact The State Clearinghouse if you have any questions regarding processing of environmental documents or grant applications. We may be reached at:

Telephone: (916) 445-0613  
Fax: (916) 323-3018  
e-mail: [state.clearinghouse@opr.ca.gov](mailto:state.clearinghouse@opr.ca.gov)  
website: [www.opr.ca.gov/clearinghouse/clearinghouse.shtml](http://www.opr.ca.gov/clearinghouse/clearinghouse.shtml)

Questions regarding federal grant notices should be directed to **Sheila Brown.**

Questions regarding processing of environmental documents should be directed to:

**Scott Morgan**  
Senior Planner

## CLEARINGHOUSE MAILING ADDRESS

Please do not use our street address (1400 Tenth Street, Room 212) for mailing purposes. The correct mailing address is:

STATE CLEARINGHOUSE  
P.O. BOX 3044  
SACRAMENTO, CA 95812-3044

## INFORMATION AVAILABLE ON-LINE

The 2001 CEQA Guidelines are available from the Resources Agency's website at <http://ceres.ca.gov/ceqa/>.

The State Clearinghouse Handbook, which contains all of our environmental document and grant processing procedures and forms, is available on our website.

Arnold Schwarzenegger

State Clearinghouse and Planning Unit

Cynthia Bryant  
Director

## MEMORANDUM

DATE: February 13, 2007  
TO: State Agency CEQA and Intergovernmental Review Coordinators  
FROM: Scott Morgan, Senior Planner  
SUBJECT: Distribution of Environmental Documents in CD-ROM Format

The State Clearinghouse has received an increasing number of requests from local and state lead agencies to distribute CEQA documents to state reviewing agencies in an electronic format, typically CD-ROM. The most common reason for these requests is to reduce cost. CD-ROMs are cheaper for the lead agency to reproduce and mail, and cheaper for the State Clearinghouse to distribute, especially in the case of multi-volume documents.

The State Clearinghouse has distributed EIR's and EIS's in CD-ROM format for state agency review and comment since August 1, 2003. Based on our experience with those documents, a survey conducted of state reviewing agencies and the potential cost savings to local and state agencies, we are extending this policy to other environmental documents including Negative Declarations, Mitigated Negative Declarations and Environmental Assessments. The State Clearinghouse will accept environmental documents under the following terms:

- CEQA Lead agencies may provide copies of draft environmental documents to the State Clearinghouse for state agency review in an electronic format. The document must be on a CD-ROM in a common file format such as Word or Acrobat.
- Lead agencies must provide fifteen (15) copies of the CD-ROM to the State Clearinghouse. In addition, each CD-ROM must be accompanied by 15 printed copies of the DEIR summary (as described in CEQA Guidelines §15123), executive summary, or introduction section of a Negative Declaration or Mitigated Negative Declaration. The printed summary allows both the State Clearinghouse and agency CEQA coordinators to distribute the documents quickly without the use of a computer.
- Final environmental documents may be provided in CD-ROM format without a printed summary. Distribution of the final documents is optional under CEQA.
- Federal lead agencies may send electronic copies of environmental documents to the State Clearinghouse in the same manner described for CEQA lead agencies. Distribution of NEPA documents to state agencies through the State Clearinghouse is encouraged pursuant to Presidential Executive Order 12372 and NEPA §102 (42 USC §4332)
- All notices of preparation must continue to be provided in printed format.
- Please provide one Notice of Completion Form with all submittals.

If your agency has difficulty downloading and reviewing any environmental documents please contact:

Scott Morgan, Senior Planner  
916-445-0613  
[scott.morgan@opr.ca.gov](mailto:scott.morgan@opr.ca.gov) .

Thank you for your cooperation in the CEQA review process.

# ENVIRONMENTAL DOCUMENT FILINGS WITH THE STATE CLEARINGHOUSE 1999 through 2006

All CEQA documents filed with the State Clearinghouse are available for viewing on the Internet at <http://www.ceqanet.ca.gov/>

## SUMMARY OF CEQA DOCUMENT SUBMITTALS BY YEAR AND BY TYPE

Year	NOP	ND/MND	EIR	NOD	NOE	EIS	EA	Other	Total Documents

EA	Environmental Assessment (federal)
EIS	Draft Environmental Impact Statement (federal)
OTHER	Other types of documents, including Final EIRs, Early Consultation notices, plans, etc.

# CEQA Documents

## Key for abbreviations of Document Type:

CON	Early Consultation Notice
EIR	Draft Environmental Impact Report
SIR	Supplemental EIR
SBE	Subsequent EIR
EIS	Draft Environmental Impact Statement
EA	Draft Environmental Assessment
JD	Joint Document (CEQA/NEPA)
FONSI	Finding of No Significant Impact
Neg Dec	Negative Declaration/Mitigated Negative Declaration
NOE	Notice of Exemption
NOD	Notice of Determination
NOP	Notice of Preparation (of an EIR)
Oth	Other type (none of the above)

## CEQA Actions

SCH Number	Title / Lead Agency / City--County / Description	Document Type	Ending Date
<b><u>Documents Received on Tuesday, February 19, 2008</u></b>			
2007071062	<p>Garden Street Terraces Project San Luis Obispo, City of San Luis Obispo--San Luis Obispo</p> <p>The proposed project would include the development of 1.2 acres to accommodate a downtown mixed-use center of 129,351 square feet (sf) including retail (17,116 sf); 53 residential units (56,406 sf), including 3 low-income affordable housing units (56-406 sf); and a 70-room hotel (55,829 sf), generally of 4 to 5 stories, but reaching a maximum of 6 stories up to 74 feet in height. A 2nd-level view terrace is proposed with access from Marsh Street. Two levels of parking (one below grade) with access from Marsh Street, totaling an additional 59,372 sf, would serve both residential and commercial uses, as well as 40 City-owned public parking spaces. The project also includes improvements to Garden Street, between Higuera and Marsh, similar to the City approved Garden Street Plan, as well as paving improvements and traffic control (e.g., bollards) to Garden Alley. The project would reconfigure private and public parcels and lead to the demolition, relocation, and modification of private and public structures and surface parking.</p>	<b>EIR</b>	04/03/2008
2007121159	<p>Santa Rosa Water Reclamation Facility Expansion &amp; Solar Power Project Rancho California Water District Murrieta--Riverside</p> <p>To meet anticipated demands for wastewater treatment and service commitments, the Rancho California Water District (the District) proposes to expand the wastewater treatment capacity of the Santa Rosa Water Reclamation Facility (SRWRF) from 5 million gallons per day (MGD) capacity to 7 MGD. The District also proposes to change the existing Sequencing Batch Reactor (SBR) secondary treatment process to an extended aeration activated sludge treatment process. Additionally, the District is proposing to construct a 1.2-megawatt (MW) solar power generation facility on the 9-acre, District-owned site located immediately north of the SRWRF property. All project activities would take place within the existing 59.4-acre SRWRF site or within the 9-acre solar site, both of which are located off Washington Avenue, in the City of Murrieta.</p>	<b>FIN</b>	
2008021084	<p>Kansemento, LLC by Cornerstone Engineering Kern County Planning Department --Kern</p> <p>(a) Amend the Land Use Element of the Willow Springs Specific Plan from Map Code 6.2/4.4 (General Commercial/Comprehensive Plan Area) to Map Code 5.3 (Maximum 10 Units per Net Acre); (b) A change in zone classification from E (2 1/2) RS (Estate Residential Min. 2 1/2 Acres/DU-Residential Suburban Combining) to R-1 CL FPS (Low-Density Residential Max 10 Units/Net Acre-Cluster Combining-Floodplain Secondary); (c) Vesting Tentative Tract No. 7012. Proposing to divide the 80-acre project site into ~312 lots; four limited design variations; a development variation to the Land Division Ordinance to request interior lots less than 55' wide.</p>	<b>MND</b>	03/19/2008

2008021085	5434 MDH 4-07; Taft Corporation (PP08209) Kern County Planning Department Ridgecrest--Kern a) Amend the Land Use, Open Space, and Conservation Element of the Kern County General Plan from Map Codes 5.6 (Residential-Minimum 2.5 Gross Acres/Unit) and 5.6/2.5 (Residential-Minimum 2.5 Gross Acres/Unit - Flood Hazard) to Map Codes 5.4 (Residential-Maximum 4 Units/Net Acre) and 5.4/2.5 (Residential-Maximum 4 Units/Net Acre - Flood Hazard), or a more restrictive designation; and, b) A change in zone classification from E(20) (Estate-20 acres) to E(1/4) (Estate-1/4 acre), or a more restrictive district, to facilitate the subdivision of 40.63 acres into 110 to 125 single-family residential lots.	<b>MND</b>	03/19/2008
2008022088	Cassel's Paradise Dam (PEAQ T20060817) Placer County Planning Department Auburn--Placer Project proposes approval of a Grading Permit to complete construction of an earthen dam across a Nevada Irrigation District overflow ditch.	<b>MND</b>	03/19/2008
2008022090	Marshall Tentative Map, General Plan Amendment, and Zoning Ordinance Amendment Portola, City of Portola--Plumas The applicant requests General Plan and Zoning Ordinance amendments from Low Density Residential (LDR, 1 unit per acre) to Medium Density Residential (MDR, up to 8 units per acre). The proposed Tentative Subdivision Map would create 15 lots ranging from .33 acres to .7 acres.	<b>MND</b>	03/19/2008
2008022091	Westside Fuel Reduction Project Paradise, City of Paradise--Butte The project site entails an 85-acre corridor area with an approximate length of 6.5 miles and a width varying between 100 to 200 feet. It is situated along the rim of the Honey Run Drainage on the southwestern edge of the Town of Paradise and the rim of Little Butte Creek Canyon and the northwestern edge of Paradise.	<b>MND</b>	03/19/2008
2008022093	John and Julie Amodei Subdivision Project Sierra County --Sierra The John and Julianne Amodei project consists of 1) an application to amend the existing County zoning designation of the property contained in County Ordinance 932 to increase the density and allowable building site/residential units allowed on the property from 3 to 4; and, 2) an application in the form of a tentative map that proposes to divide an existing 13.5 acre parcel into 2 parcels containing 8.51 acres and 5 acres. Individual wells and septic systems. The project will establish areas restricted from building and these areas will be subject to existing deed restrictions and further restrictions as deemed necessary in the form of mitigation measures and/or conditions of approval and an additional information map will locate these same restrictions and restricted areas.	<b>MND</b>	03/19/2008
2008022120	Power Generation Station Renewable Energy Expansion Project East Bay Municipal Utility District Oakland--Alameda This project will utilize excess biogas from the MWWTP that is currently flared and wasted due to capacity limitations. The expanded power generation facilities would include construction of gas conditioning units to remove siloxanes from the	<b>MND</b>	03/25/2008

	biogas, gas compression equipment, electrical transformers and substations, and Power Generation Station 2, which would house two 4.5 megawatt turbines.		
2008021086	Victorville General Plan 2030 Victorville, City of Victorville--San Bernardino The General Plan 2030 would update and supersede the City's current General Plan, which was adopted in July 1997 and subsequently amended. The project includes the expansion of the City northern sphere of influence.	<b>NOP</b>	03/19/2008
2008022094	213 E. Grand Project South San Francisco, City of South San Francisco--San Mateo The application under review proposes the demolition of four existing 1- and 2-story buildings totaling 124,000 square feet, and the subsequent construction of one 9-story office/research and development (R&D) building totaling 291,634 square feet including tenant amenity. A five-level parking garage containing 625 spaces would be attached to the new building. Significant landscape improvements are also proposed. At this time, the project excludes the abutting property at the southeast corner of East Grand Avenue and Roebling Road. However, the applicant is negotiating its purchase and, as such, the EIR will address its inclusion as one of the project alternatives.	<b>NOP</b>	03/19/2008
2006102013	Franklin Point Sacramento, City of Sacramento--Sacramento The proposed project consists of entitlements to subdivide and develop approximately 5.5 acres with a commercial mixed use development containing 15,000 square feet of office, 16,300 square feet of gas/retail, and an 8,000 square foot sit-down restaurant within the International Plaza PUD.	<b>Neg</b>	03/19/2008
2008021075	Seashore Village Newport Beach, City of --Orange Development and operation of 12 single-family detached units and 6 duplex units, for a total of 24 units, on a 1.49-acre site. Access to the project site would be provided by two driveways on River Avenue and a driveway from Neptune Avenue. The western driveway on River Avenue would exclusively serve one single-family unit, and all other access would be provided through River Avenue and Neptune Avenue. The existing 54-unit apartment complex would be demolished.	<b>Neg</b>	03/19/2008
2008021076	ENV-2007-5072-MND Los Angeles City Planning Department --Los Angeles Conditional Use to permit the expanded sale of on-site beer and wine at an existing 3,650 sf restaurant with 144 seats (expanded from 49 seats granted under ZA-2005-5023-CUE), with hours of operation from 10:00 am to 10:00 pm Monday through Thursday, and 12:00 noon to 2:00 am, Friday through Sunday, and up to 18 outdoor patio seats, only used until 8:00 pm or sunset, whichever comes first; Conditional Use to permit dancing and live entertainment consistent with hours of operation and restricted to bookings for private parties and banquets only, with 116 on-site shared parking spaces, on a 69,622 sf site, in the C2-1VL Zone.	<b>Neg</b>	03/19/2008

<b><u>Documents Received on Tuesday, February 19, 2008</u></b>			
2008021077	(DeCicco) Tract Map, and Development Plan / Variance / Coastal Development Permit ED 06-227 (SUB2005-00241), DRC2006-00064) San Luis Obispo County --San Luis Obispo Request by Franco DeCicco for a Tract Map, Development Plan, Variance and Coastal Development Permit (SUB2005-00241/DRC2006-00064) to create a mixed-use development on four existing parcels totaling 0.64 acre. The development would include four residential condominiums totaling 10,500 square feet, plus courtyards and decks; a motel consisting of 18 two-bedroom units totaling 18,780 square feet, plus decks; 2,245 square feet of hospitality and service areas; 9,060 square feet of common area; and subterranean parking. The Variance request would waive Planning Area Standard 1 for the Cayucos Commercial Retail land use category which requires architecture in commercial zones to be either Western or Victorian style. The proposed project is within the Residential Multi-Family and Commercial Retail land use category and is located at the northeast corner of Ocean Boulevard and Old Creek Road. The site is in the Estero planning area.	<b>Neg</b>	03/19/2008
2008021078	Shephard Tract Map ED07-068 San Luis Obispo County --San Luis Obispo Request by Larry and Linda Shephard for a vesting tentative tract map (Tract 2791) to subdivide an existing 5.24-acre parcel into 5 parcels of 1.0 to 1.08 acres each for the purpose of sale and/or development. The project includes off-site road improvements. The project will result in the disturbance of ~26,000 sf of a 5.24-acre parcel. The division will create one on-site road. The applicant proposes to abandon the project site's portion of the original alignment of El Campo Road. The proposed project is within the Residential Suburban land use category.	<b>Neg</b>	03/19/2008
2008021079	Kornreich/Black Minor Use Permit and Conditional Use Permit ED06-270 San Luis Obispo County --San Luis Obispo Request by Garth Kornreich and Debbie Black for a Minor Use Permit to allow the construction of a 2,953 square foot, two-story single family residence with a 480 square foot attached garage, including grading on slopes in excess of 20%, and required road improvements. The project will result in the disturbance of the entire 4,870 square foot parcel, plus road improvements of approximately 400 square feet, for an approximate total disturbance of 5,270 square feet.	<b>Neg</b>	03/19/2008
2008021080	Morro Creek Ranch Tract Map ED07-091 San Luis Obispo County Atascadero--San Luis Obispo A request to subdivide one existing 186.8-acre parcel into 2 parcels 93.2 and 93.6 acres each for the purpose of sale and/or development. A residence is located on proposed Lot 1; a building envelope 25,493 sf in size is proposed for Lot 2. Because the previous Parcel Map CO 96-121 occurred on adjacent property under the same ownership, the additional subdivision requires a Tentative Tract Map. The project will result in the disturbance of ~25,493 sf of the proposed 93.6-acre parcel due to future development. The proposed project is within the Agricultural land use category.	<b>Neg</b>	03/19/2008

<b><u>Documents Received on Tuesday, February 19, 2008</u></b>			
2008021081	ENV-2007-4039-MND Los Angeles City Planning Department --Los Angeles Coastal Development Permit to allow demolition of a one-story duplex and new construction of two, single family dwellings with habitable basements, one on Lot 29 and one on Lot 30, in the single jurisdiction of the California Coastal Zone; Zoning Administrators Adjustment to allow reduced easterly and westerly side yards of three-feet in lieu of the required four-feet for both lots; on 4,215 sf two-parcel site currently tied by use, in the RD1.5-1-O Zone.	<b>Neg</b>	03/19/2008
2008021082	Scranton Avenue and Indiana Street Widening Project Porterville, City of Porterville--Tulare The project proposes to improve the existing two lane undivided roadway by widening it to a four-lane undivided roadway. The project would create four twelve foot minimum wide lanes and minimum five foot wide shoulders on either side of the roadway, consistent with County and City standards. The net length of the project is approximately 0.5 mile. The corridor improvement would accommodate project traffic counts through 2030. Without additional travel lanes, the level of service (LOS) on the existing roadway is expected to diminish to unacceptable levels. This corridor is a logical connection to the Porterville industrial area for trips headed northbound or southbound on State Route 65. The project should also help to reduce traffic that currently travels northbound on Jaye Street through the residential areas near Montgomery Avenue. In addition, Gibbons Avenue within the City of Porterville is planned to be expanded to four lanes in the near future.	<b>Neg</b>	03/19/2008
2008021083	Twelfth Tee Investors LLC (PLN070184) Monterey County Carmel-by-the-Sea--Monterey Combined Development Permit consisting of: 1) a use permit for development on slopes exceeding 30%; and 2) an administrative permit for development within a site plan review or "S" zoning district to allow the construction of an ~2,700 linear foot driveway to provide access to one existing residential parcel and grading (~5,602 cu yards cut / 5,550 cu yards fill).	<b>Neg</b>	03/19/2008

	located off Washington Avenue, in the City of Murrieta.		
2007122034	Rosetta Resources Operating LP Del Rio Hills Master Gas Permit Rio Vista, City of Rio Vista--Solano The project applicant, Rosetta Resources Operating LP, proposes to drill and test six natural gas well sites as part of a Master Well Permit, within the proposed Del Rio Hills Subdivision project area. Rosetta Resources is requesting a master natural gas permit application which would allow them to drill exploratory natural gas wells to a depth of ~5500 feet within the Del Rio Hills site. If exploratory drilling is successful, Rosetta proposes to construct necessary production facilities, and would install natural gas gathering lines to transport natural gas to existing natural gas pipelines.	<b>NOD</b>	
2008029014	Lake or Streambed Alteration Agreement No. R1-05-0469/THP 2-05-138-SIS "Etna Creek THP" Forestry and Fire Protection, Department of --Siskiyou 1 Encroachment for Timber Harvesting Activities.	<b>NOD</b>	
2008029015	Midway Court Outfall Structure Fairfield, City of Fairfield--Solano The outfall replacement site is located on the west bank of Ledge wood Creek in the City of Fairfield. The project proposes to abandon the existing RCP storm drain and place a 36" storm drain in approximately the same location. The creek will be excavated to a depth of 4' and ungrouted riprap will be placed in this 10' by 12' excavated area for energy dissipation. The top of the riprap will match the height of the existing channel bottom.	<b>NOD</b>	
2008028118	Tank Replacement - Sierra Grande Mutual Water Company Health Services, Department of Bishop--Inyo The Sierra Grande Mutual Water Company is applying for Safe Drinking Water State Revolving Funds to replace 4 15,000 gallon tanks with a 100,000 gallon tank. The tanks are badly corroded.	<b>NOE</b>	
2008028119	New Lease of Existing Office Space Public Utilities Commission San Juan Capistrano--Orange Leasing approximately 480 square feet to house Outreach Officer of the CA Public Utilities Commission in an existing office building in San Juan Capistrano. This officer will serve and assist the public with all utility regulation and consumer protection concerns for this geographical region.	<b>NOE</b>	
2008028120	Douglas Road Sidewalk Improvement Placer County --Placer Douglas Boulevard Sidewalk Improvements are to facilitate and promote pedestrian traffic along the corridor and provide continuity between existing sidewalks. Landscaping will be incorporated into the undeveloped easements to provide a pleasant visual and inviting appearance. The area for improvement represent parcels of developed and undeveloped land parallel to the northern side of the Douglas Boulevard corridor between Sierra College Blvd. and Auburn-Folsom Road.	<b>NOE</b>

2008021094	<p>Amendments to the City of San Diego's Land Development Code/Land Development Manual, Environmentally Sensitive Land Regulations, Including Revisions...</p> <p>San Diego, City of San Diego--San Diego</p> <p>Council approval to allow for revisions to the Municipal Code Chapters 12 and 14. The code revision involves an amendment to the City of San Diego's Land Development Code and Biology Guidelines to clarify when impacts may be allowed and would assist staff, City decision makers, reviewing agencies and the public when a project may impact wetlands. The Municipal Code Environmentally Sensitive Lands regulations and Biology Guidelines are both implementing regulations of the Multiple Species Conservation Program. Currently, impacts to wetlands are not allowed under the Municipal Code unless a project obtains a Site Development Permit and meets certain criteria findings for approval as specified under section 126.0504 of the Land Development Code. In order to impact wetlands under the current regulations, the following Site Development Permit Environmentally Sensitive Lands deviation findings must be made:</p> <ul style="list-style-type: none"> <li>- There are no feasible measures that can further minimize the potential adverse effects on environmentally sensitive lands; and</li> <li>- The proposed deviation is the minimum necessary to afford relief from special circumstance or conditions to the land and not of the applicant's making.</li> </ul> <p>Please reference SCH # 1996081056 for this project.</p>	<b>NOP</b>	03/20/2008

2008022106	<p>Redevelopment Area Drainage Project Folsom, City of Folsom--Sacramento</p> <p>The City of Folsom is proposing to upgrade existing stormwater/drainage infrastructure through implementation of the Redevelopment Area Drainage Project. The City is responsible for the management of stormwater, which includes the design, construction, operation, and maintenance of storm drain systems and the prevention of pollutants associated with urban runoff. The proposed project would focus on Flooding Problem Area 1, defined in the Redevelopment Area Drainage Improvements Master Plan as Sibley Street, Natoma Street, and East Bidwell area. The improvements would include upsizing of existing drainage pipes with the addition of pipelines and drainage swales, while maintaining the historical feel of the project area.</p>	<b>MND</b>	03/24/2008
2008021099	<p>Tesoro Reliability Improvement and Regulatory Compliance Project South Coast Air Quality Management District Carson--Los Angeles</p> <p>The Tesoro Reliability Improvement and Regulatory Compliance Project will occur at Tesoro's Refinery and at their separate Sulfur Recovery Plant. The purpose of the proposed project is to increase the reliability of specific existing processing equipment at both Tesoro facilities. The proposed changes to the Refinery include the following: (1) install a new fuel gas treatment unit; (2) replace an existing cogeneration system with a new cogeneration system; (3) replace multiple, existing steam boilers with new equipment; (4) modify the Delayed Coking Unit (DCU), the Hydrocracking Unit (HCU) and the Fluid Catalytic Cracking Unit (FCCU) to increase recovery of liquefied petroleum gas (LPG); (5) modify the existing coke handling, screening, and loading system; (6) modify the existing Hydrotreating Unit (HTU) No. 2 in order to comply with the revised California Air Resources Board's gasoline specifications (revised CARB Phase III); (7) upgrade the existing amine/sour water system to improve hydrocarbon removal efficiency; (8) connect certain existing atmospheric pressure relief devices to the existing flares to prevent direct atmospheric releases; (9) improve sulfur treatment for the sour gas from the spent acid storage tank and the LPG sulfur extraction unit; (10) modify the coke drum blowdown system; (11) modify heater number H-101 at the DCU; and (12) install a new crude oil storage tank. The proposed project at the Sulfur Recovery Plant will modify an existing Claus Unit to improve sulfur recovery. The purpose of these modifications is to increase the reliability of specific existing Refinery processing equipment.</p>	<b>NOP</b>	03/21/2008
2008021101	<p>Valley Region Bellingham Elementary School Addition Los Angeles Unified School District --Los Angeles</p> <p>The proposed project would consist of approximately three buildings and encompass approximately 38,820 square feet of building space, including 22 classrooms, a multi-purpose room, approximately 50 underground parking spaces for faculty and staff, and the expansion of the existing two playgrounds. The proposed project includes the expansion and renovations to the existing Bellingham Primary Center, which would include reconfiguring the existing library and multi-purpose room. The proposed project would provide 550 two-semester seats for student in grades pre-kindergarten through 5th and would require a total of approximately 45 full-time and part-time faculty and staff.</p>	<b>NOP</b>	03/21/2008

2008021102	Oceanside Hotel and North Coast Condominium Project Oceanside, City of Oceanside--San Diego 127-room hotel and 24-unit condominium project.	<b>NOP</b>	03/21/2008
2008022099	Harbor Light Commercial Project (20 & 22 Main Street) Tiburon, City of Tiburon--Marin The project calls for the demolition of an existing dilapidated 2-story, 2,415 square foot commercial building, and replacing it with a new 2-story, 2,941 square foot commercial building. The subject property is a 2,514 square foot lot fronting Main Street in Downtown Tiburon. The rear of the lot fronts Juanita Lane. The existing building occupies nearly all of the property except for a few parking spaces at the rear. The new building would occupy roughly the same coverage area on the lots as the exiting building and would continue to provide at-grade parking behind the building, accessed by Juanita Lane. However, the partial second story would be approximately 500 square feet larger than the existing partial second floor. The current building is 22 feet, three inches tall; the proposed building would be 27 feet, 4 inches in height. The proposed uses are retail on the lower floor and office on the second floor.	<b>NOP</b>	03/21/2008
2008022100	1450 Franklin Street Mixed-Use Project, San Francisco Redevelopment Agency File No. ER02.01.08 San Francisco Redevelopment Agency San Francisco--San Francisco The proposed project would develop a 13-story mixed-use building with ten floors of residential condominiums over two stories of parking, a ground-floor entrance lobby and ground-floor commercial space, and one level of underground parking. The building would provide approximately 1,472 gross square feet of ground-floor commercial office space and 69 residential apartments, including 10 studio units, 21 one-bedroom units, and 38 two-bedroom units. The ground floor of the building would provide three off-street commercial parking spaces, including one handicap accessible space. The three levels of parking (second and third floors and one basement level) would provide a total of 70 residential parking spaces, including 42 standard spaces, 26 compact spaces, and 3 handicap accessible spaces. The proposed building would be 130 feet tall and would provide a total of approximately 111,720 square feet (sq. ft.) of developed space, including about 79,323 sq. ft. of residential space, and 30,198 sq. ft. of parking space. The project would provide about 6,580 sq. ft. of private open space and 403 sq. ft. of common open space. The building would also provide approximately 3,297 sq. ft. of residential utility/storage space and 726 sq. ft. of a commercial utility/storage space.	<b>NOP</b>	03/21/2008
2008022101	Transportation 2035 Plan Metropolitan Transportation Commission --Alameda, Contra Costa, Marin, Napa, San Francisco, ... The Metropolitan Transportation Plan is required by state and federal metropolitan planning regulations to prepare a long-range regional transportation plan (RTP) every four years. The RTP covers a 25-year planning horizon, and serves as a blueprint that guides the development of transportation policies and investments for the nine-county San Francisco Bay Area Region. Specific investments such as highway expansion, roadway maintenance, transit expansion, local roadway improvements, bicycle and pedestrian facilities, highway system management, etc. are identified in the RTP, and such improvements must be funded by federal,	<b>NOP</b>	03/21/2008

	The site contains an existing manufactured home with accessory structures to remain. Access would be provided by two separate driveways off of Quail Drive, a private road, connecting to Rincon Rancho Road, a publicly maintained road. The project would be served by on-site septic systems and imported water utilities will be required by the project, as the site is currently served with imported water by the Yuima Municipal Water District. Earthwork will consist of cut of 117 cubic yards and fill of 1,002 cubic yards, for a net import of 885 cubic yards of material. The project includes off-site improvements to two existing roads, Quail Drive and Rincon Rancho Road.		
2007112014	Parcel Map Application PM-20-06, by Airport Road Development, LLC Redding, City of Redding--Shasta Divide 116 acres into 10 lots in "HC" Heavy Commercial and "GI" General Industry Districts.	<b>NOD</b>

2008028157	<p>building.</p> <p>Putah Diversion Office Complex Solano County Water Agency --Solano</p> <p>The Water Agency has an agreement with the U.S. Bureau of Reclamation (USBR) for Operation, Maintenance, and Replacement of Solano Project Works. The Putah Diversion Office Complex (PDO) located adjacent to the Putah South Canal headworks, in Solano County near Winters, is the administrative headquarters for Solano Project operations and maintenance staff. The complex currently consists of two houses and a combination office, shop, and storage facility. The complex was constructed approximately 50 years ago and is in need of significant refurbishment for continued safe use. In addition, the current configuration of the site is an inefficient utilization of the overall property.</p> <p>Additionally, the Vacaville Fire Protection District has been searching for a strategic location on public property for a new fire station. They have indicated a serious interest in participating in leasing land at the PDO from USBR. USBR is receptive to the concept of a joint facility and considering the opportunity.</p> <p>The recommended solution to meet these multiple needs now and into the future is to demolish the existing dilapidated complex and replace it with modern structures and amenities with a more open and functional site layout that can accommodate future expansion. The proposed new facility is composed of a fire station, a joint use office building, a small maintenance shop for Solano Project and Water Agency use, and covered parking storage for SCWA equipment.</p>	NOE

	publication of the Draft EIR; formerly, the project included 40 multi-family residential units, which have now been eliminated from the project.		
2006071108	RV Storage -Conditional Use Permit Case No. 641 & Zone Variance Case No. 68 (1801.12(506)) Santa Fe Springs, City of Santa Fe Springs--Los Angeles The project involves the conversion of an undeveloped 6.7-acre parcel into a paved RV storage facility. The project would include a paved surface and uncovered parking as well as two buildings providing covered parking. The project would also include a manager's apartment on the site.	<b>MND</b>	03/24/2008
2008021105	Dotts Subdivision; TM 5300, AD 06-047, Log No. 02-04-054 San Diego County Department of Planning and Land Use --San Diego Divide a 38-acre parcel into four lots. Access would be provided by a private road connecting to Dehesa Road. The project would be served by on-site septic systems and groundwater. The Administrative Permit allows lot area averaging to create 2 lots that would be less than the required 8.0 acres each. The remaining 2 lots will exceed the 8.0-acre minimum.	<b>MND</b>	03/24/2008
2008021106	Change of Zone No. 7062, Tentative Tract Map No. 32748 Riverside County Planning Department --Riverside Change of Zone No. 7062 proposes to change the project site's zoning classification from Rural Residential (R-R) to One-Family Dwelling 20,000 square foot minimum (R-1-20,000) and Tentative Tract Map No. 32748 proposes a Schedule B subdivision of 20.2 acres into 22 single family residential lots with a minimum lot size of 20,000 square feet.	<b>MND</b>	03/24/2008
2008021110	Old Waterman Canyon Road Bridge Replacement Construction Project (C.I.P. project # SS 07-14) San Bernardino, City of San Bernardino--San Bernardino The City of San Bernardino, Public Works Division, proposes to demolish the existing bridge on Old Waterman Canyon Road approximately 3/4 mile north of Waterman Avenue (Highway 18), and construct a new bridge at the same location. The area of potential direct effect (APDE) is 2.23 acres. The existing bridge was severely damaged during several storms in 2003 and 2005; the damage to the bridge was reviewed by FEMA and determined to be eligible for funding under Disaster Declaration No. 1577 in June of 2005.	<b>MND</b>	03/24/2008
2008021112	Annadale Culvert Widening IS 5739 Fresno County Sanger--Fresno The proposed project consists of removing existing wingwalls, abutments, and curb railing/headwalls as well as the excavation of the existing culvert channel bottom and backfill with base material. The work also includes extending each end of the culvert 8.5 feet to provide a minimum clear roadway width of 40 feet, the construction of new wingwalls, abutments, and bridge and approach railing. It may be necessary to construct earthen cofferdams in the channel and install pipes to convey water through the project site during construction. Cofferdams and pipes would be removed upon completion of construction.	<b>MND</b>	03/24/2008

<b><u>Documents Received on Friday, February 22, 2008</u></b>			
2008022107	Sphere of Influence - Madison Community Service District Yolo County Local Agency Formation Commission --Yolo The proposed project is a sphere of influence (SOI) study to update the existing Madison Community Services District (CSD) SOI in Yolo County. The updated SOI analyzes areas to which the CSD may extend services. Inclusion of an area within the SOI of a municipal service provider could represent the initial step in the future extension of services to the area and subsequent development of areas within the SOI and, therefore, is a project under the CEQA. The SOI does not identify or define specific development projects or land uses for an area.	<b>MND</b>	03/24/2008
2008022109	Sheldon Road Parcel Map (EG-07-108) Elk Grove, City of Elk Grove--Sacramento The proposed project consists of a Tentative Parcel Map to subdivide two parcels of 8.6 acres into four parcels of 2.02 acres (Parcel 1), 2.3 acres (Parcel 3), and 2.2 acres (Parcel 4) in size located in AR-2 zone. Although no development is proposed as part of this project, future development of the site will include single-family residences. There is an existing single family residence on Parcel 1.	<b>MND</b>	03/24/2008
2008022110	Monte Vista Avenue Southside Sidewalk Improvements Butte County Oroville--Butte The proposed project would install curb, gutter, and sidewalk improvements along Monte Vista Avenue in Butte County. The project site is the south side of the Monte Vista Avenue alignment at its intersection with Autrey Lane eastward towards Lower Wyandotte Road. The proposed improvements would ensure consistency with applicable design and safety standards and would ensure compliance with the current Americans with Disabilities Act (ADA) standards. The improvements would be funded in part by the state and federal Safe Routes to School programs.	<b>MND</b>	03/24/2008
2008022112	Skyway/Honey Run Road Intersection Signalization Butte County Chico--Butte All four approaches to the intersection would be signalized with six-way, traffic-actuated signals. Widen existing roadways for extended left and right turn pockets on Skyway and Honey Run approaches. Expand right turn for the Longest Drive approach. Install traffic loops. Realign existing roadside ditches and extend existing cross culverts. Overlay the intersection and roadway approaches. Reconstruct shoulders. Install flashing beacons on Chico-bound Skyway and Honey Run Road approaches. Install appropriate signage and delineation(s).	<b>MND</b>	03/24/2008
2008022125	Lower Wyandotte Road and Monte Vista Avenue Intersection Improvements Butte County Oroville--Butte Phase I: Bring the entire intersection of Monte Vista Avenue/Lower Wyandotte Road up to current design and safety standards, including compliance with the current Americans with Disabilities Act (ADA), with new curb, gutter, sidewalk, tie-in pavement, access ramps, crosswalks, advance warning signs, pavement markings, drainage facilities, and future traffic signal conduits (including preliminary traffic signal layout design). Phase II: Drainage and sidewalk improvements in southwest quadrant, where the roadside ditches and drainage	<b>MND</b>	03/24/2008

	the Dana Point Zoning Ordinance of the Municipal Code. The applicant is requesting a Zone Change (ZC 07-01) to delete the property from the Dana Point Specific Plan and rezone it to "Commercial/Residential - 22 du/ac" (R/C-22). The applicant is also proposing Local Coastal Program Amendment (LCPA 07-01), which would change the land use designation from "Dana Point Specific Plan - Coastal Recreation Space" to the General Plan land use designation of "Commercial/Residential."		
2008021108	AMWC Recharge Ponds PLN 2007-1257 Atascadero, City of Atascadero--San Luis Obispo The proposed project includes an application for a Conditional Use Permit to construct three water recharge ponds as part of the Atascadero Mutual Water Company's facilities expansion. The ponds are approximately 250 feet by 440 feet in size. They are proposed to be a kidney bean shape, and will be enclosed with a six-foot tall coated chain link fence. A landscape buffer will be installed around the fence to minimize visual impacts.  The proposed project consists of two phases. The first phase will include the construction of one water recharge pond requiring 22,000 cubic yards of cut. The second phase will be constructed only if necessary, and will include the construction of two additional water recharge ponds requiring a total of 32,850 cubic yards of cut. The project proposes a total of 54,850 cubic yards of cut. The excavated fill dirt is proposed to be used to create a building pad on the same parcel for upgrades to Well #4. Excess dirt will be stock piled at the Atascadero Mutual Water Company's property on Sycamore Road.	<b>Neg</b>	03/24/2008
2008021109	Reorganization to Include Concurrent Annexations of San Bernardino County Properties Beaumont-Cherry Valley Water District Yucaipa--San Bernardino The Beaumont Cherry Valley Water District proposes to annex approximately 588 acres (ten parcels of District-owned land in unincorporated San Bernardino County and a portion of the City of Yucaipa. The proposed project would be within the District's sphere of influence and service area boundaries north of the City of Beaumont. The annexation is needed in order to maintain control of the groundwater quality of existing wells in the District, provide wellhead protection around existing wells, and to more efficiently manage the District facilities. The proposed project would not require any construction of water facilities to support existing facilities, nor would it require additional potable or recycled water system improvements.	<b>Neg</b>	03/24/2008
2008021114	Ceravolo Vineyard San Diego, City of San Diego--San Diego Site Development Permit (SDP) for an existing vineyard on a 22,579-square foot site developed with an existing single-family residence located at 5987 Baja Drive in the RS-1-7 Zone within the College Area Community Plan Area, City and County of San Diego (Lots 13 and 14 of Block 5 of College Park Unit 1 Map No. 2196).	<b>Neg</b>	03/24/2008

	Quality Control Board, Central Valley Region.		
2008028160	<p>Lake Perris Marina Access Boating and Waterways, Department of --Riverside</p> <p>Concerns of the seismic safety of the Lake Perris dam has resulted in the reduction of maximum pool elevation in the lake. As a result of this the slopes and grades of the walkways at the marina have become out of compliance with ADA. This project will restore accessibility to the marina by constructing a new walkway and relocating the existing accessible gangway and ramp system. The project includes: concrete stairs, concrete abutment, temporary wooden piles, and concrete sidewalk. The sidewalk will be approximately 585 feet along the centerline. This is approximately 100 feet of straight distance down the slope. Also, two older pilings will be removed, an existing swale will be reconfigured due to erosion, two boarding floats will be removed that are currently sitting on dry land, and the existing gangway will be relocated to access the water.</p> <p>The California Natural Diversity Database and the U.S. Fish and Wildlife website has been researched and no threatened or endangered species will be affected by these projects. The area has been previously disturbed and also has a prior notice of exemption for a similar project at this location. For this reason, it is unlikely any cultural resources will be disturbed.</p>	NOE	
2008028161	<p>Silverwood Lake Sycamore Boat-In Site Improvements Boating and Waterways, Department of --San Bernardino</p> <p>The project will replace the thirteen existing shade structures with new ones. New picnic tables will also be placed within the footprint of the shade structures, and a new project sign will be constructed along with new trash receptacles (13 of them). The California Natural Diversity Database and the U.S. Fish and Wildlife website has been researched and no threatened or endangered species will be affected by the project. The project will not disturb any ground that has not been previously disturbed therefore it is extremely unlikely any cultural resources will be impacted.</p>	NOE	
2008028162	<p>Lake Perris Alessandro Island Vehicular Access Boating and Waterways, Department of --Riverside</p> <p>This project is to re-establish vehicular access to Alessandro Island at Lake Perris State Recreation Area. Due to the Lake Perris draw down it is not possible to off load to district's septic pumper truck to pump the sewage vaults on the island. If we cannot get the vaults pumped we will soon have an extreme health and safety situation when the vaults fill and possibly overflow. The proposed project will use Geoweb to stabilize the sand at the new location allowing the access of the sewage pumper truck. It will be necessary to excavate the sand to a depth of 8" to allow for the placement of the Geoweb. The area involved is approximately 10 feet wide and 600 feet long starting from the bike trail at the Northwest corner of Alessandro Island and extending across the sand to the water's edge allowing for the Mon Ark utility boat to transport the septic pumper to this location and offload and traverse the sand to the paved bike trail allowing for vehicular access and pumping of the sewage vaults. This new site was chosen rather than extending the existing service road because of the underwater topography of the lake at the current pool depth. Due to the shallow water in the approach route the utility boat cannot pull close enough to the shore to offload the truck in the location of the existing service road. The hull of the service boat hits the lake bottom far out from</p>	NOE

	the shore. The proposed site has a steeper approach allowing the utility boat to drive up to the shore unimpeded.		
	The California Natural Diversity Database and the U.S. Fish and Wildlife website has been researched and no threatened or endangered species will be affected by these projects. A State Park archaeologist has confirmed that no cultural resources will be affected by this project.		
2008028163	NPDES Permit Reissuance for City of Burlingame Wastewater Treatment Facility Regional Water Quality Control Board, Region 2 (San Francisco Bay), Oakland Burlingame--San Mateo NPDES Permit Reissuance (Order No. R2-2008-0008).	<b>NOE</b>	
2008028164	Watershed Permit for Municipal and Industrial Wastewater Discharges of Mercury to San Francisco Bay, Issuance of New NPDES Permit Regional Water Quality Control Board, Region 2 (San Francisco Bay), Oakland --Contra Costa, Marin, Napa, Solano, Sonoma, Alameda, ... The Watershed Permit establishes mercury limitations on the discharge of wastewater from more than 60 current NPDES permittees who together discharge over 600 million gallons per day of treated wastewater directly to San Francisco Bay.	<b>NOE</b>	
2008028165	Temporary Urgency Application to Divert Unappropriated Water from the Santa Ana River San Bernardino Valley MWD-Western Municipal WD of Riverside County --Riverside, San Bernardino San Bernardino Valley Municipal Water District and Western Municipal Water District of Riverside County request a temporary right to divert water that is stored behind or regulated by the Seven Oaks Dam and subsequently flows downstream. Water stored or regulated at Seven Oaks Dam will continue downstream to Cuttle Weir, where it will be diverted or rediverted to offstream percolation ponds. Released stored water will also be used to enhance groundwater percolation in the stream reach between Cuttle Weir Overflow and E Street. The water appropriated shall be limited to 45,000 acre-feet to be collected to underground storage, at a maximum rate of 350 cubic feet per second, for municipal, domestic and industrial purposes of use.	<b>NOE</b>	
2008028166	2006-177 Variance for Zachary Calaveras County Planning Department --Calaveras The applicants are requesting a rear property setback variance from 20' to 6' for an as-built detached work shop.	<b>NOE</b>	
2008028167	Ridge Cut Giant Garter Snake Conservation Bank Project Fish & Game #2 --Yolo The Ridge Cut Giant Garter Snake Conservation Bank proposes to create 196 acres of giant garter snake habitat including 61.4 acres of open water, 53.9 acres of perennial marsh, and 80.6 acres of upland. The historical land use of this area includes safflower production, and various row crops. The proposed project includes the construction of 6 water control structures, which may result in up to 0.004 acres of permanent impacts to the waters.	<b>NOE</b>

2008028168	Maintenance Yard Repavement, Lake Perris (07/08-IE-13) Parks and Recreation, Department of --Riverside Existing pavement in the Lake Perris maintenance yard will be removed, and the yard graded and repaved.	<b>NOE</b>	
2008028169	Close Mine Shaft Entrance Parks and Recreation, Department of --Placer Close the opening to a vertical mine shaft ~30' deep within Auburn State Recreation Area to prevent emergencies and protect public health and safety. Due to the proximity of the shaft to the Shirland Canal Trail, a plug ~6' deep of expandable foam which hardens will close the shaft entrance. Additional work will cover the top of the shaft with ~2' of native soil material. State Parks is working with the Abandoned Mine Unit of the CA Dept. of Conservation in implementing this project.	<b>NOE</b>	
2008028170	AT&T Easement at Irene Center School, Vacaville Corrections and Rehabilitation, Department of Vacaville--Solano The proposed project would grant an easement from the State of California, Department of Corrections and Rehabilitation (CDCR) to Pacific Bell Telephone Company (a California Corporation doing business as AT&T California (AT&T)). The easement will allow AT&T to locate, construct, reconstruct, alter, use, maintain, inspect, repair, and remove an underground communication system. The communication system consists of underground conduits, wires, cables, manholes, hand-holes, and including above-ground markers and other appurtenant fixtures and equipment deemed necessary and will provide the Solano County Office of Education an updated and improved communication system.  The work will be in accordance with City of Vacaville permit requirements and all conduit will be placed by directional bore method only, to avoid any disturbance to a drainage ditch. The splice box will be located along Alamo Drive in an area which has been disturbed and will therefore avoid the wet areas near the drainage ditch. All property areas will be restored to the original conditions that exist prior to the construction activity. All excavation site work adjacent the City Park and school facilities will be protected from all pedestrian and children at the end of each work day schedule. The length of time needed to complete the project is estimated to be 30 days.	<b>NOE</b>	
2008028171	Wetland Conservation Easement Program, Bird Haven Ranch Fish & Game, Wildlife Conservation Board --Glenn Proposed acquisition of a 259.8+/- acre conservation easement by the State for the protection of interior wetlands habitat for waterfowl and the protection of the riparian habitat of Howard Slough.	<b>NOE</b>

<b><u>Documents Received on Monday, February 25, 2008</u></b>			
2007069033	Los Penasquitos Lagoon Basin (SAA #1600-2004-0521-R5) San Diego, City of San Diego--San Diego Coastal Development Permit/Site Development Permit to construct a wetland protection and restoration basin with a new headwall and outlet pipe at the west end of the new basin.	<b>NOD</b>	
2007081034	City of Rialto Waste Water Treatment Plant Master Plan / Expansion Rialto, City of Rialto--San Bernardino As proposed in the Wastewater Treatment Plant (WWTP) Master Plan, the capacity of Plant 5 would be doubled by duplicating each major piece of equipment. The WWTP currently processes between 7 mgd and 12 mgd. The proposed expansion would increase the rated capacity of the plant to 16 mgd. This operational redundancy is critical to the City of Rialto's ability to perform maintenance to prevent equipment failures that could result in capital replacement. As part of the Proposed Project, Plants 1 through 4 would be decommissioned in place and later removed. In addition, new high efficiency filters and an ultraviolet (UV) disinfection system would be added. The replacement of plants 1 through 4 along with the new tertiary treatment equipment would change the hydraulic profile of the plant and allow the plant to operate by gravity without the need for booster pumping. The proposed expansion and modernization would accommodate approved projects and the projected growth of the City General Plan. The expanded facility would operate more efficiently, use less electricity, and would require less maintenance than what is currently required to maintain the older Plants 1 through 4.	<b>NOD</b>	
2007122015	Fields Landing Boat Ramp Parking and Public Safety Enhancement Project Humboldt County --Humboldt The proposed project will expand, resurface, and reconfigure the existing parking area and install new light standards. New traffic controls and signage will also be installed on an existing roadway.	<b>NOD</b>	
2007122083	McGaughey Two-Phased Final Map Subdivision Humboldt County Community Development Services --Humboldt A Final Map Subdivision to be recorded in two phases. Phase I, consisting of the resubdivision of two separate legal parcels on the north side of Cypress Avenue, will result in seven lots, ranging in size from 7,000 square feet (net) to 13,000 square feet (net). This Phase already has a residence located on proposed Lot 2. A Special Permit is in the process for a second residence to be constructed on proposed Lot 1 prior to recordation of Phase I. Phase II consists of the subdivision of one parcel into six lots ranging in size from 6,104 square feet (net) to 8,340 square feet (net). This Phase already has a residence located on proposed Lot 2. A special permit is in process for a second residence to be constructed on proposed lot 1 prior to recordation of Phase 1. Phase II consists of the subdivision of one parcel into 6 lots ranging in size from 6,104 sf (net) to 8,340 sf (net).	<b>NOD</b>

2008012002	Saugstad Park to Riverside Gateway Bike Path and Pedestrian Improvements Roseville, City of Roseville--Placer The project is a proposed 180' long Class 1 paved bike path on the east side of Dry Creek from the existing bike path in Saugstad Park to Darling Way, and re-construction of existing curb ramps on the northwest and northeast corners of Darling Way/Clinton Ave. This project will facilitate access to planned transit stop improvements along Riverside Ave.	<b>NOD</b>	
2008029017	Operation and Permitting of Water Well 48 for the City of Anaheim Health Services, Department of Anaheim--Orange The City of Anaheim proposes to construct a new drinking water production well. The well is needed to improve water system reliability and meet water demands within the city pressure zone #270.	<b>NOD</b>	
2008028189	Bancroft Street Map Waiver San Diego, City of San Diego--San Diego Map waiver application to waive the requirements of a Tentative Map to underground overhead utilities for 3 residential condominium units, and provide 5 parking spaces on a 0.1447 acre site. The condos were previously permitted and are under construction.	<b>NOE</b>	
2008028190	Replacement of Culvert Caltrans #2 --Modoc Caltrans proposes to replace an existing 48" corrugated metal pipe culvert with a new concrete box culvert. Located in the northeast hydrologic unit of Goose Lake, the culvert carries Cottonwood Creek under SR 395. The existing culvert is undersized which causes heavy deposits of rock and debris to build up at the culvert inlet, blocking the flow, causing flooding, and overtopping of the highway. Work will include a new concrete box culvert with wing walls (designed to meet the DFG's Culvert Criteria for Fish Passage) and rock slope protection downstream of the culvert.	<b>NOE</b>	
2008028191	Clear Recovery Zone 23 Culverts Caltrans #2 --Lassen Caltrans proposes to resize or replace, and/or extend to the Clear Recovery Zone limits, 23 culverts on SR 36 east of the Community of Westwood. The purpose of this project is to improve an aging culvert system by increasing capacity (some existing culverts are not in line with current standards), increase maintenance efficiency, protect the existing roadway and enhancing motorist safety by providing clear recovery areas.	<b>NOE</b>	
2008028192	Close Highway Median Caltrans #2 --Shasta Caltrans proposes to close the highway median on SR 273 at Hays St. in Anderson to prevent turns onto Hays St. The project is needed to improve safety. The highway median will be closed and a new 30' median with curbs and landscaping will be constructed. Four trees and a section of the existing median will be removed. This project does not involve any permits or right-of-way acquisition.	<b>NOE</b>

	require detachment of territory from several special districts, a sphere of influence amendment, a prezone for those lands proposed for annexation to Vineyards Planned Development, and a government reorganization pursuant to the Cortese-Knox-Hertzberg Local Government Reorganization Act. The City is also considering a rezone of 525 acres within the City to Vineyards Planned Development in support of the Specific Plan. Implementation of the project would allow for the construction of 5,288 homes, four parks, nine private recreation areas, several miles of trails, two schools, a fire station, a mixed use Village Center, approximately 100 acres of agriculture, and 240,000 square feet of limited commercial activities. The City will also consider approval of a tentative subdivision map to allow for development of the first phase of development. Approval of the tentative map would allow for development of approximately 293 acres with 722 residential lots, a 9.2-acre park, a fire station, approximately 19 acres of agricultural, and 20,000 square feet of commercial development.		
2008021125	06 KER-395 PM 13.9/30.55 Inyokern 4-Lane Project Caltrans #6 Ridgecrest--Kern The California Department of Transportation proposes to convert approximately 15.5 miles of the existing two-lane conventional highway into a four-lane, divided, controlled-access expressway from post mile 13.9, 1.1 mile south of South China Lake Boulevard, to post mile 30.55, in Kern County near Ridgecrest. The purpose of this project is to improve the safety of U.S. Highway 395, provide four-lane route continuity for future expansion along the entire length of the highway, and improve safety and operations at intersections with local roads.	<b>MND</b>	03/26/2008
2008021129	Tentative Parcel Map (PPM 06-052) Tulare County Resource Management Agency --Tulare Division of 77.45 acres into 4 parcels in the A-E-10 (Exclusive Agriculture-10 acre minimum) Zone.	<b>MND</b>	04/04/2008
2008022129	Mammoth Yosemite Airport Runway Rehabilitation Mammoth Lakes, City of Mammoth Lakes--Mono Runway rehabilitation activities are restricted to the existing runway configuration and to portions of the existing five cross taxi-ways. The runway is 7,000 feet long and 100 feet wide with 12 foot wide shoulders. Two options are proposed to recognize potential differences in costs, grant funding availability and life cycle of the resultant project. Rehabilitation includes either overlaying the existing asphalt runway with fourteen-inch thick concrete to form a new runway surface or pulverizing the existing asphalt pavement, adding an aggregate base and repaving with asphalt pavement resulting in an increase in the base elevation of the runway of 9 inches. Both proposals will reconstruct the runway shoulders to bring them up to meet runway grade; contour adjacent natural surfaces to meet the new runway grade and revegetate same; replace existing runway edge lights, place lighted wind socks at each end of the runway and repaint the runway markings.	<b>MND</b>	03/26/2008

	Seafirth Community that are abandoning an existing 7,500 GPD treatment plant and connecting to the Paradise Cove WWTP.		
2007071039	Vista Canyon Ranch Santa Clarita, City of Santa Clarita--Los Angeles The project site is currently vacant and in the county of Los Angeles. The applicant is requesting approval to prezone and annex 217 acres of land in the County of Los Angeles into the City of Santa Clarita. The applicant is requesting an Oak Tree Permit, Conditional Use Permit, Tentative Tract Map and General Plan/Zone Change Amendment for a Specific Plan designation to develop a mixed use/transit oriented development that would consist of a mix of 1,200 to 1,600 residential units and 1 to 1.5 million square feet of commercial uses. The applicant is also requesting to remove and encroach into oak trees on-site. As part of the development, the applicant is proposing the dedication of the Santa Clara River (approximately 80 acres), a 12 acre public park, four miles of trails, bank stabilization along the length of the Santa Clara River, the relocation of the Metrolink station from Via Princessa to Vista Canyon Ranch and a Bus Hub next to the Metrolink station which would provide vehicular and pedestrian access to the Fair Oaks Ranch Community. The applicant is proposing to import approximately one million cubic yards of earth into the site. The applicant is also proposing to bridge Los Canyon Road in one of two possible locations over the Santa Clara River from the Fair Oaks Ranch community to Soledad Canyon Road with Lost Canyon Road also splitting off into a two lane roadway connecting to Sand Canyon Road.	<b>NOP</b>	03/26/2008
2008021126	Public Safety Enterprise Communications (PSEC) Project Riverside County --Riverside, San Bernardino, San Diego The project entails the upgrading of the County of Riverside's emergency services communication network. This network will serve fire and law enforcement personnel and will allow expanded interoperability with other agencies and jurisdictions. Approximately 52 telecommunications facilities will be constructed throughout Riverside County and in several locations in San Bernardino County and one location in San Diego County. The typical facility will be composed of a communication tower and equipment shelter, all located within a 100 x 100 foot fenced compound.	<b>NOP</b>	03/26/2008
2008021128	Paramount High School Improvement Project Paramount Unified School District Paramount--Los Angeles Paramount Unified School District is proposing improvements at Paramount High School. Project implementation would occur in four separate phases and within the confines of the existing east and west campuses. Improvement would be made to the athletic fields, auditorium, gymnasiums, library, and classroom buildings. All of the improved facilities would be shared or available for community use during non-school hours either through joint use agreements or the Civic Center Act. Project construction is anticipated to take approximately two years, and would tentatively be completed by fall of 2010.	<b>NOP</b>	03/26/2008

	providing public service messages containing reports of commute times, drunken driving awareness, reports of accidents of a serious nature, and emergency disaster information.		
2007092014	American Canyon High School and New Middle School & Am. Cyn Water Tank Napa Valley Unified School District American Canyon--Napa Development of a 2,200-student high school on a 49.49 acre site, followed by a future 700 student middle school on a 17.53-acre site. Also includes mitigation lands for biological resources and a biological preserve.	<b>NOD</b>	
2008012059	East-West Water Transmission Pipeline Project- Phase II Fairfield, City of Fairfield--Solano The proposed project involves installation of a 30-inch potable water line between Hale Ranch Road and the West America Drive/Adagio Drive intersection. This 2.5 mile route is the second segment of the East-West Water Transmission Pipeline; the City previously approved construction for the 7.5-mile route connecting existing water mains at the Hale Ranch Road/Cordelia Road and Cement Hill Road/Clay Bank Road intersections. The purpose of the new transmission main is to pump water from the North Bay Regional Water Plant (NBR) to Cordelia. The second segment consists of an approximately 2.5-mile route between Hale Ranch Road and West America Drive. The pipeline would utilize City right-of-way, where available, and would be placed within the roadway right-of-way of two new roads proposed as part of the Fairfield Corporate Commons and North Connector projects. The pipeline would also traverse a section of agricultural land.	<b>NOD</b>	
2008029019	Sacramento to Olivehurst Build, Phase 3, SAA #1600-411-R2 Fish & Game #2 Yuba City--Sutter CDFG is executing a Lake or Streambed Alteration Agreement number 1600-2007-0411-R2, pursuant to Section 1602 of the Fish and Game Code to the project applicant, Qwest Communications Corporation. The project consists of fiber optic extensions within Bear River and Auburn Ravine.	<b>NOD</b>	
2008028209	Region Headquarters (Riverside) - Radio Vault Fire Suppression Upgrade Forestry and Fire Protection, Department of Riverside--Riverside The work consists of the replacement of the old fire-suppression system within an existing radio vault with a waterless fire-suppression system, components to comply with current requirements of State Fire Marshall regulations. No ground-disturbing activities would occur outside the building.	<b>NOE</b>	
2008028210	Riverside Unit Headquarters - Radio Vault Fire Suppression Upgrade Forestry and Fire Protection, Department of Riverside--Riverside The work consists of security access upgrades and the replacement of the old fire-suppression system within an existing radio vault with waterless fire-suppression system components to comply with current requirements of State Fire Marshall regulations. No ground disturbing activities would occur outside the building.	<b>NOE</b>

2008028211	<p>Cold Spring Trail Reroute Parks and Recreation, Department of --San Diego</p> <p>Reroute ~2.7 miles of eroded trail, part of the existing Cold Spring Trail in Cuyamaca Rancho State Park. Trail reroute will provide a maintainable trail layout. Trail rerouting will include brushing an 8' wide trail corridor, installation of retaining walls as needed, and excavation to ~36" in depth in some areas. The reroute will avoid disturbing existing historic rock retaining walls. Work will be restricted to the use of hand tools only in certain areas, and ground surfaces will be inspected by and sites recorded by an archaeological monitor.</p>	NOE	
2008028212	<p>Upper Dock Ramada Installation Parks and Recreation, Department of --Imperial</p> <p>Install a new shade ramada at an existing day use picnic area on the east side of the upper dock at Picacho State Recreation Area. Shade ramada will allow for more comfortable use of the picnic facilities during summer months. Construction will include excavation of up to 20" deep for four 14" x 14" poured concrete footings. In the event that potential cultural artifacts are encountered during construction, the district archaeologist will be notified to arrange for proper treatment.</p>	NOE	
2008028213	<p>Bird Island Trail Reroute Parks and Recreation, Department of Carmel-by-the-Sea--Monterey</p> <p>Construct a new trail segment ~325' long of Bird Island Trail at Point Lobos State Natural Reserve to create an Americans with Disabilities compliant segment improving access to the China Cove and Bird Island areas. Trail construction will excavate up to ~3' deep and 5' wide using a small trail dozer and hand tools; build landscape retaining walls up to 3' tall along the uphill slope of the trail; and install stabilized decomposed granite for the hardened trail surface using 2' foundation stakes to anchor the header boards.</p>	NOE	
2008028214	<p>DWR 2006 Critical Levee Emergency Repair Project - Site 54 BUC 14.0R, Unit 2 Fish &amp; Game #2 Chico--Butte</p> <p>Repair the damage at the Butte Creek site and mitigate the potential for levee failure. DWR would install rockfill and earthfill soil at the site to fill the scoured or lost areas, and re-establish the supporting slope and bench that was previously present. DWR will incorporate willow plantings and shrub vegetation to promote bank stabilization and increase instream habitat value, riparian habitat and shaded stream habitat.</p>	NOE	
2008028215	<p>Modoc Line Land Acquisition Evaluation and Management Plan Sierra Nevada Conservancy --Lassen, Modoc</p> <p>The project involves coordinating the completion of a Phase I Environmental Site Assessment, developing a Land Acquisition Evaluation, and creating a Long-Term Management Plan in preparation for acquisition of an 85-mile length of abandoned rail line.</p>	NOE

2008022134	Deer Creek Road Paving, Water Line, and Crossing El Dorado Irrigation District --El Dorado The project consists of improvements identified by the El Dorado County Fire Marshall and includes: (1) improving the existing crossing allowing two-way access and added flood capacity; (2) installation of approximately 6,020 feet of 8-inch diameter water line and appurtenances in Deer Creek Road to provide adequate fire protection flow to the DCWWTP, and fiber optic conduit; (3) install approximately five fire hydrants along Deer Creek Road; (4) widening approximately 4,860 linear feet of Deer Creek Road south of Flying "C" Road to provide adequate emergency access; and (5) grading, paving, culvert replacement, and other incidental improvements typically associated with road standards and maintenance required for safe use of the roadway.	<b>Neg</b>	03/27/2008
2008022137	Salmiery Tentative Parcel Map06-0031 Butte County Oroville--Butte Tentative Parcel Map to divide an 8.5-acre parcel into 2 residential lots of 5.0 and 3.5 acres. Both lots will be serviced by septic system and well.	<b>Neg</b>	03/27/2008
1999024003	City of Sacramento Fish Screen Replacement Project U.S. Bureau of Reclamation Sacramento--Sacramento The County of Sacramento and the Sacramento County Water Agency have applied to appropriate 71,000 acre-feet of water per year by permit. The proposed project involves a 185 million gallon per day-capacity (mgd) intake facility and pumping plant located on the Sacramento River near Freeport, use of the City of Sacramento's existing diversion facility near Jibboom Street and pipelines carrying the water from the intake facilities to the Zone 40 Surface Water Treatment Plant and service area. The City of Sacramento prepared a Fish Screen Replacement Project Negative Declaration for the Jibboom Street diversion. The Freeport Regional Water Project EIR and Supplemental Mitigated Negative Declaration were prepared for the other project elements.	<b>NOD</b>	
2001039036	Blythe Energy Project (99-AFC-8) Energy Commission Blythe--Riverside The Department is issuing a Lake and Streambed Alteration Agreement for the project proponent who proposes to construct approximately 67.4 miles of new transmission line from the Buck Substation in Blythe, west to the Julian Hinds Substation near Hayfield. The route will generally follow Southern California Edison's (SCE) existing 500 kV Devers-Palo Verde ("D-PV1") transmission line. Transmission line structures will be concrete, single-pole structures, spaced approximately every 850 feet along the construction corridor, and will be accessed by spur roads constructed from existing utility access roads. The transmission lines will be constructed using conventional cranes for pole installation. Impacts include building spur roads to access pole installation sites across ephemeral washes. It will also include temporary wash disturbances during pulling, tensioning, and splicing activities, and the installation within washes of some flood-resistant pole structures where no alternative meets maximum span widths. There are approximately 120 unnamed ephemeral or intermittent drainages of the Southern Mojave Watershed and 25 unnamed ephemeral or intermittent drainages of the Southern Mojave Watershed and 25 unnamed ephemeral or intermittent drainage of the Hayfield Dry Lake Watershed. The project proposes to impact	<b>NOD</b>

2007092044	Via Este Left Turn Channelization Caltrans #6 Sonora--Tuolumne Caltrans proposes to improve SR 108. The highway would be widened on the north side from the Via Este Road intersection to just west of Draper Mine Road. The improvements include adding a left-turn lane with associated lane tapers and widening the shoulder to the north. New right-of-way at the intersection would be required.	<b>NOD</b>	
2007092066	Caspar Creek Fish Ladder Construction and Recurring Pond Cleanout Forestry and Fire Protection, Department of --Mendocino DFG is issuing an agreement for 2 encroachments: one fish ladder replacement project on the North Fork of Caspar Creek and one fish ladder replacement project on the South Fork of Caspar Creek	<b>NOD</b>	
2007092066	Caspar Creek Fish Ladder Construction and Recurring Pond Cleanout Forestry and Fire Protection, Department of --Mendocino DFG is issuing an agreement for 3 encroachments: two reoccurring pond cleanouts and one water drafting operation.	<b>NOD</b>	
2007101111	06-FRE 180 PM 65.3/66.6 DeWolf Freeway Agreement Caltrans #6 Fresno--Fresno Caltrans proposes to update the Freeway Agreement with the City and County of Fresno for State Route 180 from Temperance Avenue to east of DeWolf Avenue. It would change the designation from expressway to freeway. The freeway segment would include a future interchange at DeWolf Avenue.	<b>NOD</b>	
2007121087	Varney Villas #2 San Diego, City of San Diego--San Diego Tentative Map (TM) to create three parcels from one lot on a 0.83 acre site (36,000 square feet).	<b>NOD</b>	
2007122044	Safe Routes to School - Bridge Over Laguna Creek Elk Grove, City of Elk Grove--Sacramento The proposed project includes construction of an approximately 277-foot long off-street bicycle/pedestrian/equestrian bridge over Laguna Creek between Ringe Circle and Porto Rosa Drive, approximately 75 feet upstream of the existing low-water crossing. The bridge will be a pre-fabricated steel truss bridge structure with a cast-in-place concrete decking. The concrete deck, with an overall bridge width of 13-feet 8-inches, will be divided into two equal spans with concrete abutments on either side of the bridge each having two 3-foot diameter cast-in-drilled-hole (CIDH) piles and a single 8-foot diameter center pier, to be placed within Laguna Creek. Asphalt concrete (AC) paving will be installed on both ends of the new bridge structure to tie into the existing multi-use trail. Prior to construction, vegetation will be cleared from the upland work area and the existing low-water crossing and drainage pipes would be removed. Upon project completion, the project area will be re-vegetated with native species. No additional right-of-way acquisition will be required to accommodate the proposed improvements nor does it include a lighting component at this time.	<b>NOD</b>

2000071014	<p>Planning Area 40/Planning Area 12 General Plan Amendment and Zone Change Irvine, City of Irvine--Orange</p> <p>The proposed project consists of a General Plan Amendment and Zone Change to allow for a change in land use in Planning Area 40 (PA 40) and Planning Area 12 (PA 12). The proposed project includes development of approximately 3,918 dwelling units, 1,540,000 square feet of Multi-Use, 205,000 square feet of Commercial, 100,000 square feet Institutional in PA 40 (approximately 571 acres), as well as approximately 575,000 square feet of Research and Industrial (Medical Science) use on a 36-acre parcel in PA 12. The plan also provides for a community park, a public neighborhood park and several private neighborhood parks. The applicant's proposal also includes an option to convert up to 100% of the Multi-Use intensity to residential intensity for up to an additional 1,309 dwelling units.</p>	<b>EIR</b>	04/14/2008
2003092006	<p>American Basin Fish Screen and Habitat Improvement Project Fish &amp; Game #2 Sacramento--Sacramento, Sutter</p> <p>The proposed action would decommission and remove Natomas Mutual Water Company's five existing unscreened diversion facilities on the Sacramento River and Natomas Cross Canal, and construct two new facilities with fish screens on the Sacramento River. Improvements to the Natomas Mutual internal canal system are also included to ensure water deliveries can be made to all parts of its service area. The proposed action would be implemented in three phases. Phase I would be implemented immediately and Phase II and III when funds become available. The proposed action would improve conditions for native fish species by removing impediments to migration and reduce entrainment.</p>	<b>EIR</b>	04/16/2008
2004071009	<p>Cambria Community Services District Water Master Plan Cambria Community Services District Cambria--San Luis Obispo</p> <p>The Cambria Community Services District (CCSD) has developed a phased review of its Water Master Plan. The Assessment of Long Term Water Supply Alternatives (Final Task 4 Report) assessed various long-term supply alternatives and recommended that CCSD's long-term water supply strategy consist of Seawater Desalination, Recycled Water, and Water Demand Management. These recommended alternatives, along with the proposed Potable Water Distribution System improvements, comprise the Water Master Plan components evaluated in the Draft EIR. The Draft EIR provides a review of the Water Master Plan's environmental effects, in accordance with Section 15168 of the CEQA Guidelines.</p>	<b>EIR</b>	04/14/2008
2007112086	<p>Hunters View Redevelopment Project San Francisco Planning Department San Francisco--San Francisco</p> <p>The 22.5-acre project site, the existing Hunters View Public Housing, is comprised of two adjacent properties. The first is at Middle Point and West Point Roads and Wills and Hare Streets, Assessor's Block 4624, Lots 3, 4, and 9. The second is along Keith Street, Assessor's Block 4720, Lot 27. The project sponsor, the San Francisco Housing Authority and Hunters View Associates, LP, propose to construct up to 800 residential units in multiple buildings. The project would replace one-for-one the existing 267 public housing units, and would result in a mixed-income community comprised of for-rent and for-sale units at and below market rate, as well as public housing units. The project would also include</p>	<b>EIR</b>	04/14/2008

	housing constructed by Habitat for Humanity and resident-serving retail and community space. The project would also include up to 816 off-street parking spaces. The project would include improvements to access and circulation including realignment of some existing streets, and addition of new streets and sidewalks as well as areas of outdoor open space.		
2007121152	MacArthur Park Improvements Project Los Angeles County Department of Parks and Recreation Los Angeles, City of--Los Angeles The proposed project involves various improvements to the 40-acre MacArthur Park, which is a horticultural park, and which was designated by the City in 1972 as Los Angeles Historic Cultural Monument #100. Expected improvements include: reconstruction of the existing soccer field, installation of new field and security lighting, reconstruction of landscaping and hardscaping areas, reconstruction of existing and construction of a new children's play area, interior renovation of the Signal Building, and replacement of the Boathouse.	<b>EIR</b>	04/14/2008
2006012097	Elverta Park Sacramento County Citrus Heights--Sacramento The project requires a General Plan Amendment, a Community Plan Amendment, and Rezone from Agricultural-Residential use to Residential use. The project features a total of 243 residential lots divided into three residential densities: RD-5, RD-15, and RD-20. It proposes 62 RD-5 lots, 114 RD-15 lots, and 67 RD-20 lots. The 38-acre project site also includes a 2.4 gross acre water quality area in the southeast corner and a four gross acre park site in the west central area.	<b>FIN</b>	
2008021149	Tentative Tract Map No. 35400 & Variance No. 1830 Riverside County Planning Department --Riverside Tentative Tract Map No. 35400 proposes a schedule "A" subdivision of 20.93 acres into two lots. Lot 1 consists of 228 Condominium Units, a 6,982 square foot Community Center, 198,343 square feet of Open Space (including a putting green and a 7,800 square foot pool area), 410 parking spaces including 244 garage parking spaces, 156 open parking spaces, and 10 accessible parking spaces for persons with disabilities, and a 5.93 acre remainder lot to remain vacant for future development through Conditional Use Permit No. 3573. The proposed development is for a Gated Senior Housing Tract consisting of attached units which includes three floor plans ranging from one to three stories. Variance No. 1830 proposes to reduce the number of units which are elevator served for Tentative Tract Map No. 35400 from 100% of all buildings which shall exceed one story to 71%.	<b>MND</b>	04/01/2008
2008022144	Reading Creek Bank Protection Trinity County --Trinity Construct a 110-foot long retaining wall on the embankment of Reading Creek Road. Below the retaining wall, place 200 linear feet of rock slope protection along the bank of Reading Creek to prevent undermining of the creek bank and the road embankment above. Rock slope protection will be 12 feet wide at the base, by 6 feet high. Log groins will be placed to divert flows from the base of the slope, and willows will be planted in the rock slope protection and between the log groins. A new low-flow channel will be excavated in the adjacent gravel bar to maintain low flows and fish passage after the rocks and logs are placed.	<b>MND</b>	04/01/2008

<b><u>Documents Received on Friday, February 29, 2008</u></b>			
2008022145	In-Situ Treatment of Contaminated Soil and Groundwater Regional Water Quality Control Board, Region 1 (North Coast), Santa Rosa Santa Rosa--Sonoma In-situ treatment of soil and groundwater impacted with volatile organic compounds at the former West Coast Metals facility.	<b>MND</b>	04/01/2008
2008022146	Johnson Minor Subdivision and Special Permit Humboldt County Community Development Services --Humboldt A Parcel Map subdivision to divide an approximately 20-acre parcel into two parcels of approximately 5 acres and 15 acres each. The parcel is currently developed with a single family residence and associated out buildings. A Special Permit is required for a Lot Size Modification to allow an exception to the minimum parcel size. An exception request to allow the parcels to be served by a road that exceeds the dead end road length was approved by CalFire. The parcels will be served with water by individual on site wells and on site septic systems.	<b>MND</b>	04/01/2008
2008022149	County File #MS 050030 Contra Costa County Clayton--Contra Costa The applicant request approval to subdivide a 37.99-acre parcel into three parcels with a 21.79-acre designated remainder. The sizes of the three parcels are: Parcel A - 6.20 acres; Parcel B - 5.0 acres; and Parcel C - 5.0 acres. The property contains a total of 257 trees, of which the applicant is proposing the removal of 54 trees. The site is outside the Urban Limit Line (ULL), which is located approximately three miles west of the project site, congruent with the eastern city limits of Clayton. The project site is located at 3000 Bragdon Way, a connector street to Marsh Creek Road with an unincorporated area of Contra Costa County near Clayton, CA. The site is situated on the south-facing slopes to the north of Marsh Creek and Marsh Creek Road, approximately three miles east of the City of Clayton.	<b>MND</b>	04/01/2008
2008022151	Rancho Seco Power Plant Wastewater Treatment Artificial Wetland Project Sacramento Municipal Utility District Galt--Sacramento Construct and modify the Rancho Seco Power Plant wastewater treatment and disposal system by creating an artificial wetland that would provide additional wastewater treatment and create additional wastewater storage. The artificial wetland would be constructed in one of two existing, concrete-lined service spray basins (measuring 330 by 165 feet at the bottom) that were previously used for cooling non-radioactive water at the plant. The basin would be divided into three cells, with two vegetative cells located next to each other and a third cell for water storage. Treated wastewater would be conveyed to the wetland in the first cell, allowed to flow by gravity through the wetland, then to the second cell, and any remaining water would be directed to the storage cell (later phase also to the second basin), and then to a 1.5 acre irrigation area.	<b>MND</b>	04/01/2008
2008022152	Dorset Retail Center (Home Depot) Dixon, City of Dixon--Solano Tentative Map (one lot into three), Conditional Use Permit for a 139,646 square foot Home Depot and Design Review for a 189,446 square foot shopping center to include a home improvement store, retail, restaurants, and a bank.	<b>MND</b>	04/01/2008

Ingress and egress will be provided by a driveway from 223rd Street leading to garages below each of the units. A total of 45 parking spaces will be provided, five of which will be for guests. A tot lot will also be provided on site. An existing house and garage will be demolished. There will be approximately 3,000 cubic yards of grading.	<b>Neg</b>	04/01/2008
2008021148	Municipal Code Amendment to Chapter 17.11 (Affordable Housing) and Chapter 17.96 (Definitions) Rancho Palos Verdes, City of Rancho Palos Verdes--Los Angeles The proposed project is to amend Chapter 17.11 (Affordable Housing) and Chapter 17.96 (Definitions) of Title 17 of the City's Municipal Code to conform with the state legislature's revisions to certain provisions of Government Code Section 65915 that pertain to density bonuses, incentives, and concessions provided to developers for the production of affordable housing. The project will also address certain policy issues related to the location of affordable housing units as directed by the City Council.	<b>Neg</b>	04/08/2008
2008021150	Fourth Revision to the Los Angeles County Housing Element Los Angeles County Department of Regional Planning --Los Angeles The proposed Fourth Revision of the County Housing Element is a legally required Element of the Los Angeles County General Plan. This revision covers the period between July 1, 2008 and June 30, 2014. The proposed Housing Element analyzes adopted land use policies and serves as a guide for meeting the current and future housing needs of the unincorporated areas of Los Angeles County. The Housing Element contains estimates of the existing and projected future housing supply, and identifies appropriate actions to be taken to encourage the private sector to help meet existing and future housing needs, as well as to ensure that governmental policies do not serve as constraints to housing production.	<b>Neg</b>	04/01/2008
2008022148	Napa County Airport Master Plan Update Napa County Napa--Napa The overall project is to implement the goals and objectives of the Airport Master Plan by planning for and constructing elements necessary to accommodate air traffic and Airport-related development during the next 10 years. The Airport Master Plan is intended to be a 20-year planning document in which projected	<b>Neg</b>	04/15/2008

	needs and facility requirements are identified. The Napa County Airport Master Plan Update replaces and updates the previous master plan adopted in 1991.		
2008022150	McBride Vineyard Conversion Napa County St. Helena--Napa The applicant proposes to convert 2.9 acres to vineyards on a 24.46-acre parcel. The Erosion Control Plan Application includes construction plans, specifications and erosion and sediment mitigation measure for the vineyards. The site plan designates four vineyard blocks, on topography that ranges from gently to steeply sloping lands, at elevations between approximately 650 and 880 feet above mean sea level.	<b>Neg</b>	04/01/2008
2008031001	Mojave Gunnery Range C Remedial Investigation / Feasibility Study / Removal Action Work Plan Toxic Substances Control, Department of California City--Kern Investigation and remediation.	<b>Neg</b>	04/01/2008
2000031120	Costa Mesa General Plan Housing Element Update Costa Mesa, City of Costa Mesa--Orange The SEIR is a supplement to the General Plan Program EIR. It provides supplemental information related to the updated 2008-2014 Housing Element. The focus of the Supplemental Program EIR is to address the impacts of the housing programs/projects that may be locally significant, and to highlight potential impacts that will need to be further evaluated once precise scopes, designs, and locations of specific housing projects are more clearly defined. The SEIR does not change the environmental conclusions of the original Program EIR, nor identify new significant impacts, nor add new mitigation measures.	<b>SIR</b>	04/14/2008
2006042161	The Metropolitan Sacramento, City of Sacramento--Sacramento The proposed project site is located in the central business district in Downtown Sacramento. The proposed project includes development of five parcels on the southwest corner of the half block bounded by the alley to the north between 11th and J Streets. This Draft EIR is being recirculated to include a second hotel option per the request of the applicant subsequent to the release of the initial Draft EIR. The second option of the Metropolitan project would include a mixed-use hotel option involving the demolition of the existing structures on the site and construction of a mixed-use, residential condominium/hotel building with parking and includes a maximum of 190 residential units and 190 hotel rooms in a building similar to the Residential development option. A hotel lobby and restaurant would be located facing the corner of 10th and J Streets behind a 25-foot outdoor plaza.	<b>SIR</b>	04/14/2008
2002122004	Silver Springs, Et. All. Reorganization: LAFCO Project No. 00-02, 00-06, 00-12 El Dorado County Local Agency Formation Commission --El Dorado The California Department of Fish and Game is executing Lake or Streamed Alteration Agreement number 1600-2006-0099-R2, pursuant to Section 1602 of the Fish and Game Code to the project applicant, Gibson and Skordal, LLC. Construction activities associated with a 134-lot residential subdivision on 97 acres: 1) Fill three channels labeled C9, C10 and C11 on the wetland delineation map. This will result loss of 0.03 acre(s) of seasonal wetland habitat. 2) Construct	<b>NOD</b>
